# THE WALK

While they were talking and discussing, Jesus Himself  
came near and walked with them Luke 24:15

January 2007

This is pretty important, so it goes first. The next Chrysalis Flight is less than two weeks away. Please keep those who are attending and working this Flight in your prayers.

Would you want to know if you were doing something wrong? I don't mean the superficial things, like driving the wrong car or using the wrong shampoo, I mean going about your life wrong.

There are millions of people today that don't know Christ, that means they are making a mistake. We have been commissioned to tell them. Now, we shouldn't walk up to them and tell them they are living their lives in the wrong way. That would cause more problems than it would solve. We do, however, need to tell them; if we don't, we are living our lives in the wrong way.

I am not going to tell you how to do it. We are not all able to talk like the more famous preachers, we may not even be able to talk without stammering. Don't let that stop you. Each of us has some type of gift, and with that gift, abilities that allow us to use it. Some can play sports, some can write, some can communicate with other people regardless of who they are or what they know. The point is, the gifts and abilities we have can be used by God to reach others. That means you don't have to be a Billy Graham. Don't get caught in fulfilling the Great Commission like everyone else. We weren't all given the same gifts, let God use what you have. Don't worry about being as good as someone else.

If you have any ideas for the newsletter, or something you would like to see in it, please let the editor know. We hope this newsletter is valuable to everyone who receives it. Yes, we say that every month, but we really do mean it. For this to be something you want to read, it is going to need to have things that interest you. We don't know what that is unless you tell us. If you want to see something, or if you don't like something, let us know.
